Ethiopian Association of Civil Engineers (EACE) Report

About EACE

- The Ethiopian Association of Civil Engineers is a non-profit professional association founded on 1996.
- Its mission is to advance the civil engineering profession throughout Ethiopia by fostering professional excellence, advocating for impactful policies, and shaping innovative curricula.
- Its vision is to be a world-class professional association, fostering innovation, sustainability, and professional excellence in Ethiopia's construction industry.
- Currently EACE has more than 3000 members across Ethiopia.

EACE's Strategic Impact Areas

- Promote Civil Engineering and engineering profession
- Advocate for Impactful Policies
- Shape Curriculum Development
- Facilitate Knowledge Sharing and Professional Development
- Foster Networking and Collaboration
- Engage and empower members

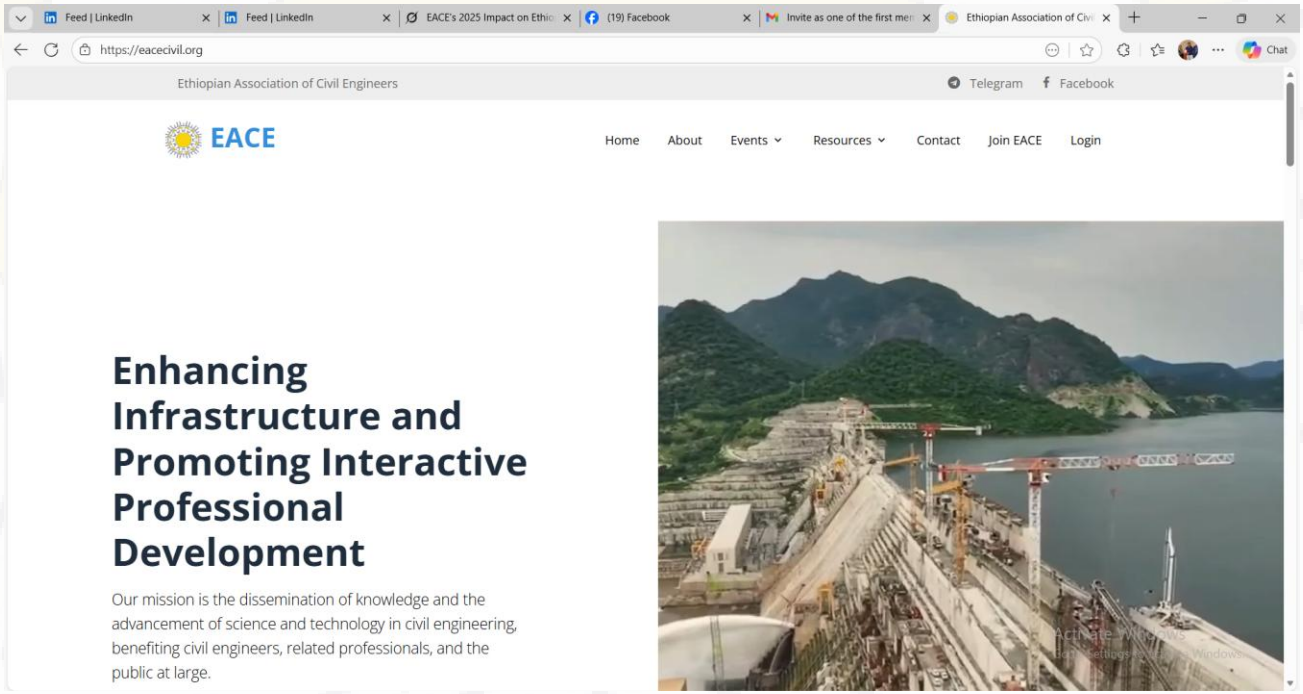

About EACE

- EACE still maintain its office in the heart of Addis Ababa, in Kazanchis which makes it the only association in the sector to have the space.

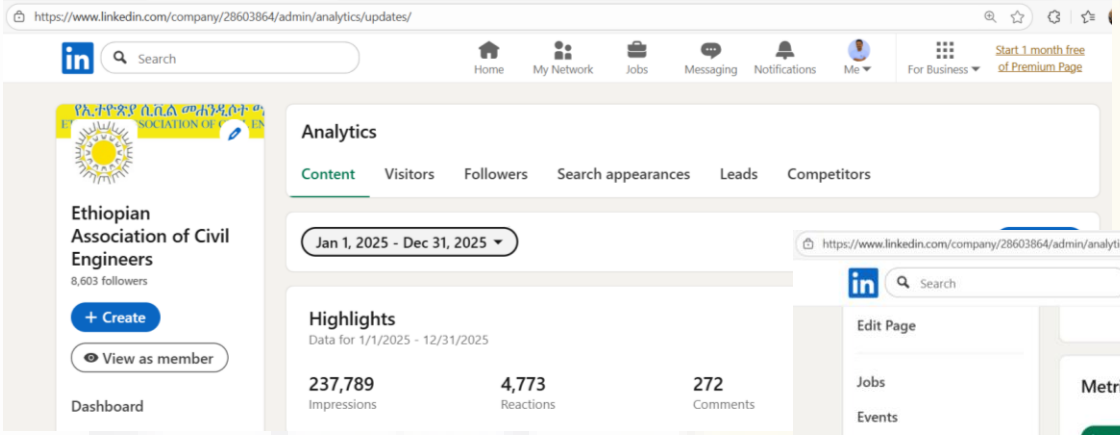

About EACE

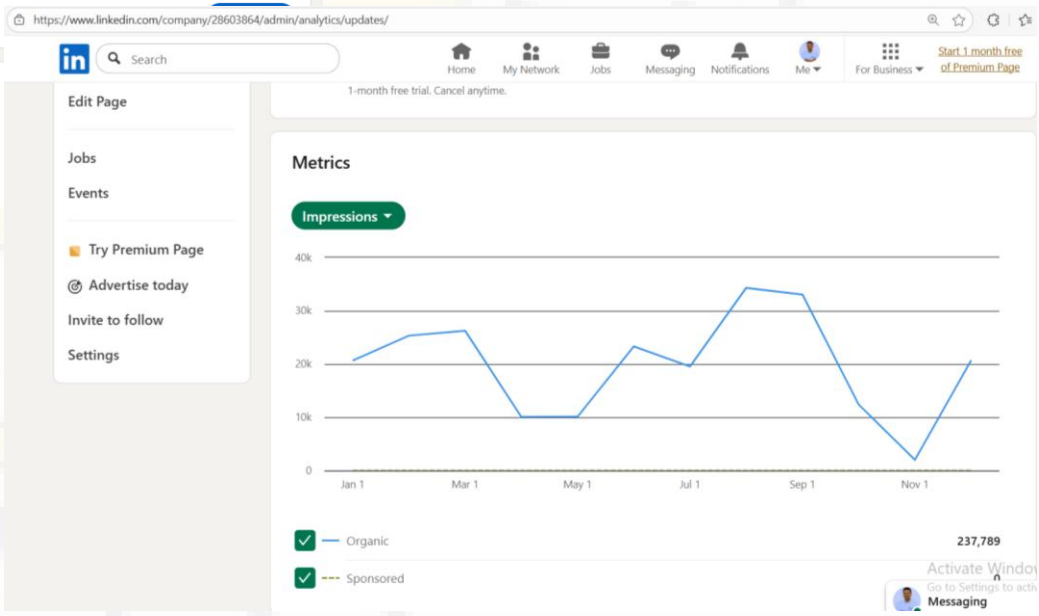

- EACE has an active digital presence in social media and regularly updated website

About EACE

- EACE has an active digital LinkedIn presence

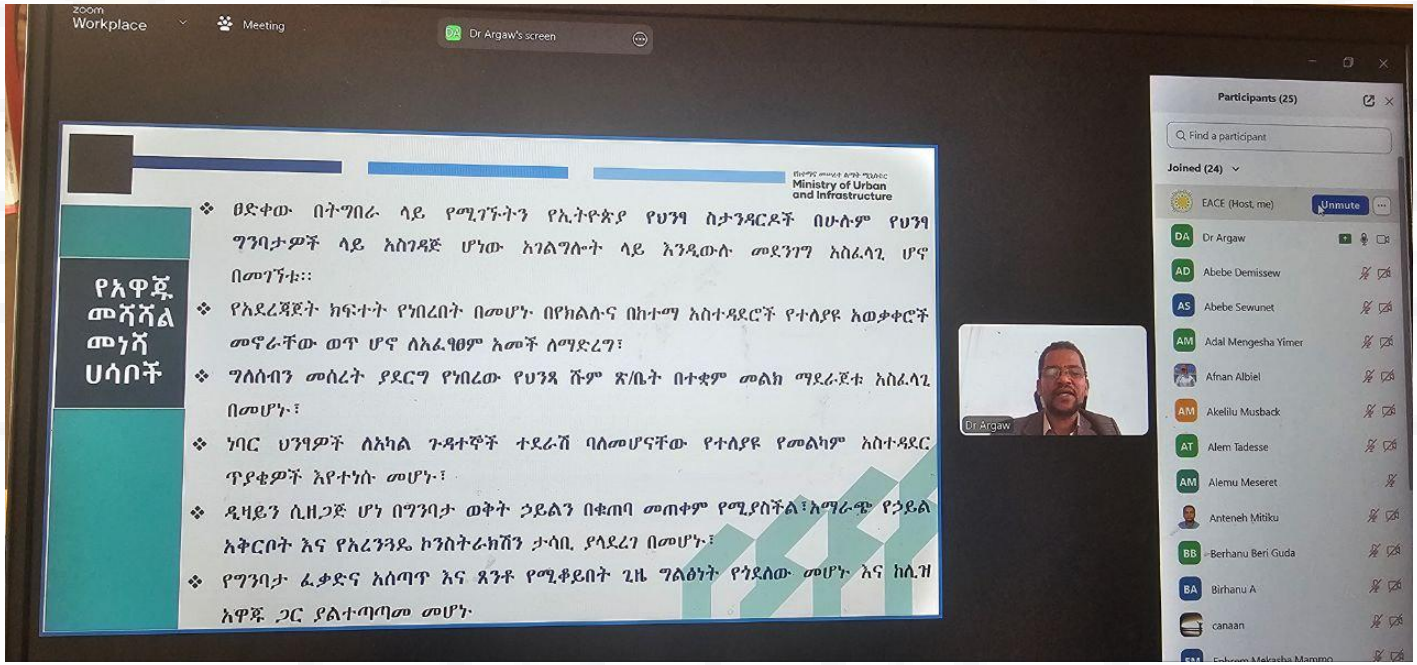

LinkedIn is the number social media for professionals

EACE National Policy Issues

- EACE actively shaped Ethiopia's construction sector in 2025
- Echoed engineers' voice in major policy and regulation reforms
- Participated in building proclamations, real estate laws & safety standards
- Collaborated with Ministry of Urban & Infrastructure, ECA, and key stakeholders
- Supported national transformation initiatives for resilient infrastructure - CITI

EACE National Policy Issues

- EACE discussed the draft national construction proclamation and regulation with its members to draft an input

EACE National Policy Issues

- EACE discussed the draft national Ethiopian Building Code to draft an input

EACE National Policy Issues

- National Building Policy & Regulations (Real Estate & Valuation) - Ensured professional voice was heard in new legal frameworks for housing & investment

EACE National Policy Issues

- EACE Participated in multiple FDRE Parliament meeting

EACE National Policy Issues

- EACE collaborating with local media EBC - FM 97.1 (EVA Show) for advocacy of sustainable construction practices

EACE National Policy Issues

- CITI - Behind the CITI vision stands a robust governance framework. From the Construction Industry Council to the Ministry of Urban & Infrastructure and the DCI Steering Committee leadership is coordinated, strategic, and ready for delivery. Six specialized working groups are already driving key areas such as ease of doing business, competitiveness, and accountability. These structures are built to ensure reform is not only visionary but also actionable and measurable.

EACE National Policy Issues

- CITI – Construction industry Transformation Initiatives

EACE National Policy Issues

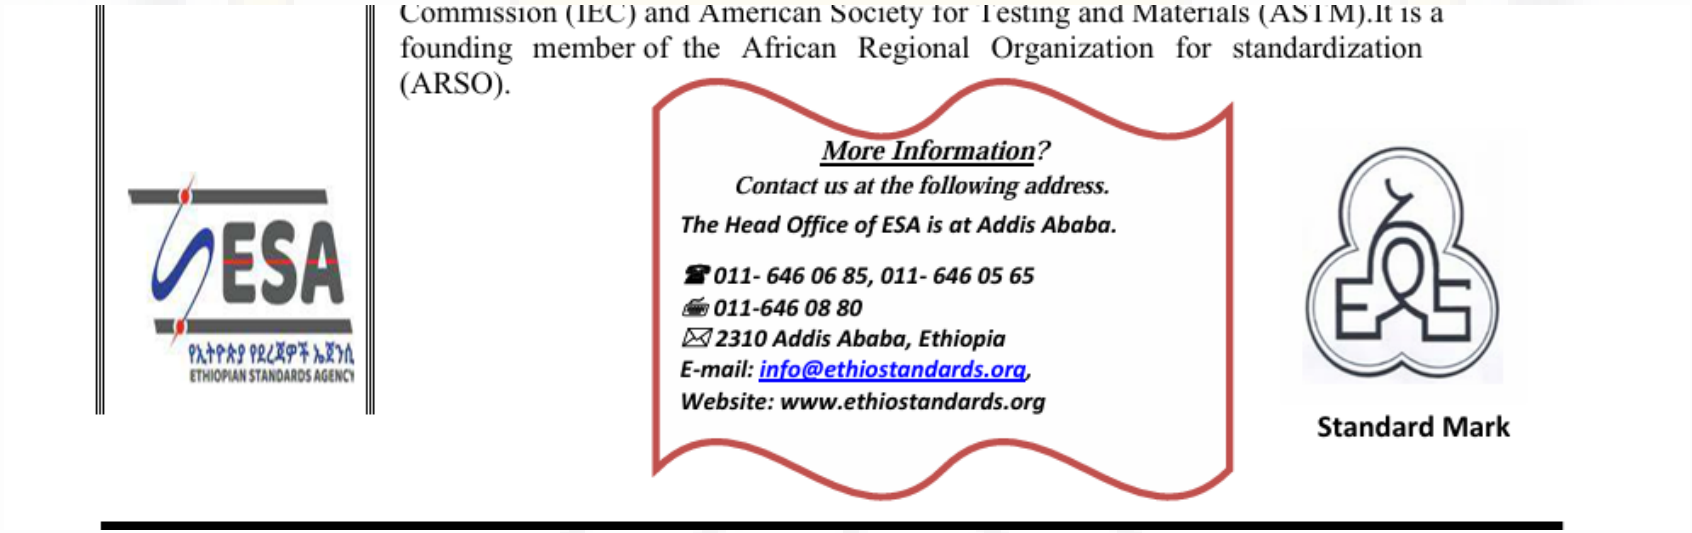

- Review & Contribution to EBCS Standards (Ethiopian Building Codes Standards)
- Supported ongoing EBCS code revision discussions (led by ECA & Addis Ababa University)
- Identified critical gaps in health & safety practices and recommended stronger enforcement
- Promoted safer building standards through expert panels and recommendations
- Indirectly strengthened EBCS updates on structural design, fire safety & plumbing

EACE National Policy Issues

Review & Contribution to EBCS Standards (Ethiopian Building Codes Standards)

- EACE have participated in the reaffirmation of civil engineering and construction standards at Ethiopian Standard institute

Knowledge Sharing and Professional Development

- EACE engaged many participants through learning events across Ethiopia and beyond.
- EACE is equipping professionals with the knowledge, skills, and global perspective needed to transform Ethiopia's construction sector.
- EACE leads continuous professional development through:
  - Engineering Conferences
  - Webinars on different topics including:
    - Seismic risk and site consideration
    - Construction Health and Safety
    - Building Information modeling (BIM)
    - Professional Ethics and more
  - Biannual peer-review Journal

EACE In-Person Events

Engineering Conference on Earthquake Safety and Resilient Design: October 2024

EACE In-Person Events

CPDI training in collaboration with ECWC – November 2024

EACE In-Person Events

World Engineering Day March 2025

EACE In-Person Events

World Engineering Day March 2025

EACE In-Person Events

World Engineering Day March 2025

EACE In-Person Events

World Safety Day April 2025 in collaboration ECC and UNOPS

EACE In-Person Events

World Safety Day April 2025

EACE In-Person Events

EACE Participated in Jimma institute of technology engineering seminar

EACE In-Person Events

EACE engineering Conference with collaboration Lalibela Study Design & Supervision Works PLC

EACE In-Person Events

EACE engineering Conference with collaboration Lalibela Study Design & Supervision Works PLC

EACE Social Impact

- Empowering girls in STEM
- Design Work for
  - Ethiopian Red Cross – Completed
  - Ethiopian Civic Society Council – on going
  - Ethiopian Red Cross - Ongoing

EACE Social Impact

- Empowering girls in STEM

EACE Social Impact

- Ethiopian Red Cross – Completed Design & BOQ using BIM

EACE Social Impact

Ethiopian Red Cross
Completed

EACE International

- EACE is member of five international organizations
  - WFEO – World Federation of engineering organizations
  - FAEO – Federation of African Engineering Organizations (Founder member)
  - IFME – International Federation of Municipal engineers
  - WCCE – World council of Civil engineers
  - FEIBRICS-Federation of Engineering Institutions of BRICS (Founder member)
- EACE have fully paid all its membership obligations to all the international organization till now and actively participating in each organization matters.

EACE International

- EACE participated in the establishment of FEIBRICS-Federation of Engineering Institutions of BRICS (Founder member) in Shenzhen, China and become the founding member.

EACE International

- FEIBRICS-Federation of Engineering Institutions of BRICS

EACE International

- MOU with American Society of Civil Engineers ASCE - USA

EACE International

- EACE along its partner organization supported FAEO and WFEO leverage partnership African Union in Addis Ababa, and UNISCO Africa STEM meeting

EACE International

- EACE members participated in 11th Africa Engineering week

EACE International

- EACE members Received Awards in 11th Africa Engineering week

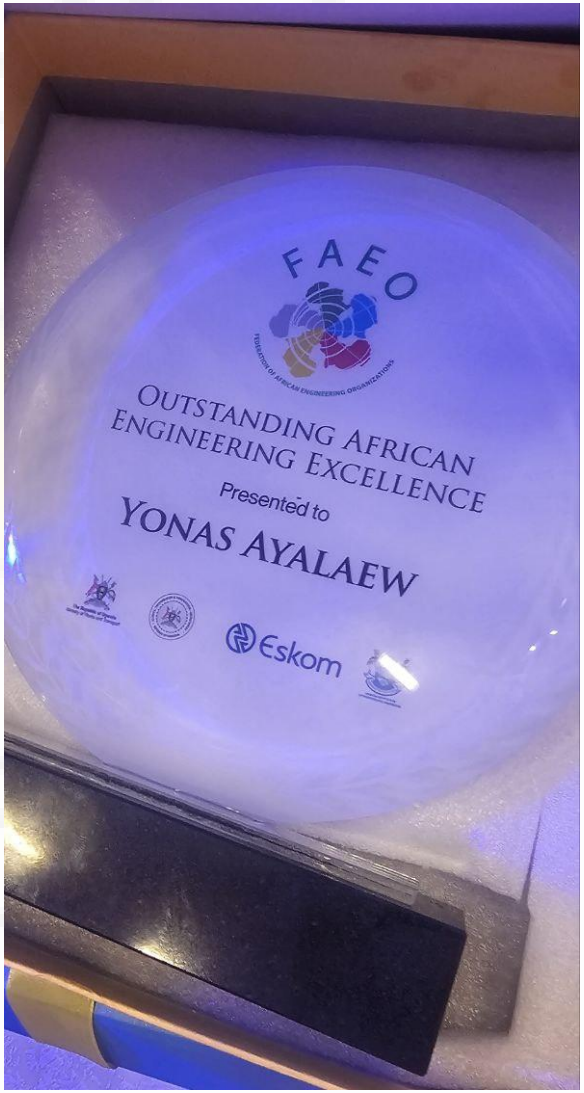

EACE International

EACE Immediate Past President Eng. Yonas A. received the highest award: Outstanding Engineering Excellence 2025

EACE International

EACE is elected to be on the board of the Federation African Engineering Organizations by Eng. Amanuel M.

EACE International

EACE members participated in WFEO Engineering Congress

EACE International

EACE members participated in WFEO Engineering Congress

EACE International

EACE members participated in WFEO Engineering Congress

EACE International

EACE is elected in the board of the WFEO by EACE Immediate Past President Eng. Yonas A.

EACE International

EACE members participated in BIg5 Global which EACE is a partner

እናመሰግናለን THANK YOU
